VISION & MISSION

VISIÓN Y MISIÓN

Vision: Be a vibrant and innovative educational leader

Mission: Empower students to discover and develop their gifts and talents

- in pursuit of college readiness, productive citizenship and lifelong learning
- within an atmosphere of academic excellence with a STEM (**Science, Technology, Engineering and Math**) focus
- to prepare for the jobs projected for American workforce
- meeting the needs of all, including those whose primary interest is non-STEM
- providing flexibility to expand in the future to a STEAM environment by adding an Arts component

CORE VALUES

VALORES FUNDAMENTALES

High Expectations

We maintain rigorous standards and expectations for our students and support them to reach their full potential.

Family Engagement

We believe that students are successful when families and the community are engaged with the school.

Character Matters

We promote a peaceful, caring and safe community and guide our students to value integrity, be responsible and appreciate diversity.

STEM Education

Our students will graduate with an understanding and appreciation of STEM.

Programa de Prekínder Todo el Día
- 100% College Acceptance
Tasa de Aceptación del 100% de la Universidad
- Gifted Education Program
Programa de Educación para Dotados

ACADEMIC PROGRAM

PROGRAMA ACADÉMICO

Frontier Schools implements a well-defined curriculum, supported by research-based best practices and proven resources that align with Missouri Learning Standards (MLS). Students participate in inquiry-based and problem-solving opportunities, with a strong emphasis on mathematics and science to prepare them for future grade levels and success in the real world. Our curriculum builds on high quality fundamentals so students are learning rigorous yet grade appropriate content.

With a STEM focus, our high schools use state-of-the-art practices to develop students' skills in science and technology and to prepare students for fast growing career fields in a global 21st century economy. Rigorous class choices in our high school curriculum focus on science, technology, engineering and math. Challenging coursework prepares students to excel and graduate ready to pursue a college degree or enter today's competitive workforce.

ACADEMIC MODEL

MODELO ACADÉMICO

Learning at Frontier Schools is collaborative and project-based; students work closely together in a hands-on way to solve real-world problems.

Personal & Social Development

Desarrollo Personal y Social

PRE-K PROGRAM

PROGRAMA DE PRE-K

Our fundamental goal is encouraging children to learn and grow by providing a foundation of developmentally appropriate experiences where all children can succeed in a safe and nurturing environment.

The Pre-kindergarten curriculum combines a Constructivist philosophy with a play-based, child centered approach that focuses on building autonomy where students learn to become independent thinkers and make self-governed decisions. Meaningful play encourages curiosity, discovery, and problem solving which allows individual growth and development of a positive self-image. Students have the opportunity to participate in both indoor and outdoor learning experiences through project work and self guided learning which promotes cognitive, social, and physical growth.

CURRICULUM USED BY PRE-K:

- **Project Construct:** Uses hands-on, minds-on learning approach with students.

Students will build the foundation for reading, writing, math, and science.

ELEMENTARY PROGRAM

PROGRAMA DE PRIMARIA

Our highly qualified school community is dedicated to providing our students with a curriculum that is STEM (Science, Technology, Engineering and Math) focused, combined with effective instructional strategies to meet the needs of our diverse student population. We also provide character education classes to promote a peaceful, caring and safe community and guide our students to value integrity, and appreciate diversity by following our school-wide expectations to **BE SAFE**, **BE RESPONSIBLE**, and **BE RESPECTFUL**.

CURRICULUM USED BY K-3:

- **Math:** Eureka Math - It connects math to the real world and sequences the mathematical progressions through specific modules.
- **ELA:** MyView - Uses the reading and writing workshop model and empowers students to learn from the world around them.

HEALTH, SAFETY & CONDUCT

SALUD, SEGURIDAD Y CONDUCTA

Frontier Schools' students are our top priority and we are committed to providing a safe and secure learning environment for them.

Health

Frontier Schools have nurses in each building that:

- attend to immediate student health needs during the school day.
- prepare health plans for student's medical needs.
- are CPR certified
- conduct vision and hearing screenings

Safety and Conduct

Each school has an Assistant Principal in charge of Safety and Conduct. As well as:

- a School Nurse
- a Social Worker
- a Security Guard
- a Secured Entry
- Security Cameras

Training/Drills

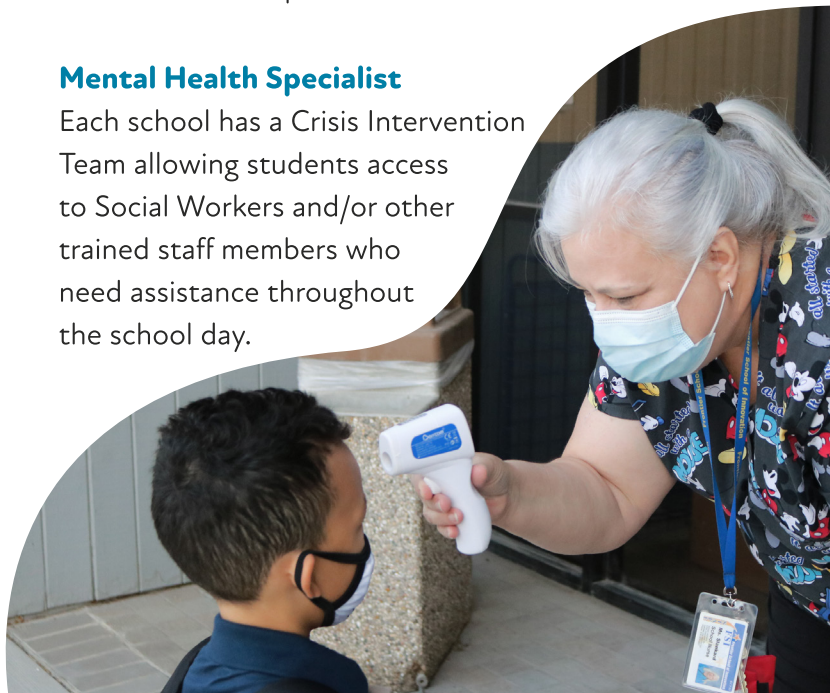

All teachers, staff and students practice fire, tornado and intruder drills on a regular basis.

Trauma Informed Care

Frontier Schools are trauma informed schools and have measures in place to assist students and families.

Mental Health Specialist

Each school has a Crisis Intervention Team allowing students access to Social Workers and/or other trained staff members who need assistance throughout the school day.

POSTSECONDARY READINESS

PREPARACIÓN POSTSECUNDARIA

School Counseling Department Vision: To assist every Frontier student with their college and career goals and match students with opportunities that are in line with their interest and goals.

- **Rigorous College Level Courses:** AP, Dual Credit, PLTW
- **Individual College & Career Readiness Meetings**
- **Pathways:** Biomedical, Engineering, STEM & Liberal Arts
- **Low College Counselor to Student Ratio** (approx. 1:200)
- **Full Support with Post-Secondary Readiness**
- **Local & Ivy League College Trips**
- **Financial Aid Application Support**
- **College Counseling Classes**

GIFTED EDUCATION PROGRAM

PROGRAMA DE EDUCACIÓN PARA DOTADOS

Students in grades K-8 that are identified as gifted attend a gifted pull out program three times a week. Students spend time working with a certified gifted teacher in a dedicated and a specifically designed classroom – the “Creativity Garden” – working on interdisciplinary STEM focused projects. Students learn about coding, robotics and scientific inquiry via project based and problem based activities. The gifted teacher also monitors the overall student academic progress and growth via monthly grade checks.

High school students identified for the gifted education program meet with a certified gifted teacher on a monthly basis at STEM High School and a weekly basis at Frontier School of Excellence. Students discuss college and career exploration, counseling and readiness topics in a mentorship style program. Their gifted teacher also monitors the overall student academic progress via monthly “check ins” and counselor collaboration.

EXTRACURRICULAR ACTIVITIES

ACTIVIDADES EXTRACURRICULARES

There are many opportunities for students to get involved in special programs and extracurricular activities, such as:

- Advanced Research Club
- Gateway Readers' Club
- Girls on the Run
- Health Occupations Students of America
- Writer's Workshop
- Math Club
- Cooking Club
- I.T. Club
- Kindness Club
- Art & Craft Club
- Video Game Design Club
- Chess Club
- Fitness Club
- Environmental Club

Video Game Design Club

SPORTS & RECREATION

DEPORTES Y RECREACIÓN

Sports are an essential part of our curriculum and are fundamental in the well-rounded development of our students. Frontier Schools offers the following sports:

- Soccer
- Basketball
- Volleyball
- Track & Field
- Cheer & Dance

A fun, creative, and spacious playground at the elementary school.

**All middle and high
school campuses
have state-of-the-
art gymnasiums.**
